DEDICATION

Each year one of our most pleasant tasks is giving honor to a person who has meant much to us. This year we have chosen one who has given unselfishly of his time; who has encouraged us and worked with us in our many activities; who has counseled us in our problems, both large and small; who has inspired us with his integrity; and who has brought us pleasure with his keen sense of humor and cheerful personality.

We, the Class of 1962, take great pride and pleasure in dedicating *Memoirs '62* to you, our friend and advisor,

MR. JOHN MACINTYRE

FOREWORD

This has been a year of transition — a year in which a tremendous change has been taking place in the lives of the students of Ravena-Coeymans-Selkirk Central High School. The year 1962 will be the last time a high school student will attend classes on double session in the old high school building. Next year the new junior-senior high school will be ready for occupancy, and the present building will be used for elementary education. The Class of '62 is the only class, and the last one, to attend high school on double session. Next year students in grades seven through twelve will be in the same building on regular session.

We have, in this yearbook, attempted with the use of words and pictures to give an accurate account of this year of transition.

THE BOARD OF EDUCATION

MR. PRESCOTT ARCHIBALD, President

The year nineteen hundred sixty-two is indeed a significant year for the Ravena-Coeymans-Selkirk Central School. We are on the threshold, educationally speaking, of a period of transition that holds real promise for all the young people in this district. Nineteen sixty-two is a year that will be marked by the completion and occupancy of a modern well-equipped new junior-senior high school. It is a year that will also mark the start of construction of two elementary schools. The dreams of buildings have been realized. Now your board is in a position to continue with plans for an educational program at all levels that will be a credit to the community and a real challenge to the youth of this district who are intent on striving for all those traits of mind, body and spirit that are the marks of an educated person.

ADMINISTRATION

Mrs. Mildred Snyder
Elementary Supervisor

Mrs. Edna Lawson
Elementary Supervisor

Mr. Norman Haweeli, Supervising Principal

During his three years in the Ravena-Coeymans-Selkirk Central School District, Mr. Haweeli has devoted much time and effort to helping us realize our goals of new schools and expanded curriculum and facilities. The new junior-senior high school will be ready for occupancy in September 1962, and preparations for building two elementary schools are under way.

The Class of 1962, speaking for the entire student body, extends its appreciation to you, Mr. Haweeli, for your endeavors on our behalf. We wish you continued success in your new position as a special assistant in Administrative Research at Columbia University.

FACULTY

The R. C. S. faculty have been the inspiring force behind our endeavors. They have guided us in our quest for learning and given us an insight into what it means to be a good citizen. Many of our extra-curricular activities would not have been possible if members of the faculty had not freely and unselfishly devoted many hours of their time. They have acted as both advisors and friends.

We the students wish to acknowledge the debt of gratitude we owe them. Seldom have these teachers received credit due them for their extreme patience in training us. We know that in our years at R. C. S. they have helped us immeasurably in our preparation for the future.

With the prospect of being united in one junior high school unit next year, the Coeymans and Jericho seventh and eighth graders made plans for their final year in separate buildings. Early in September, class officers and Student Council representatives were elected and activities were organized. The Council in Coeymans sponsored a dance in March; Jericho Council organized a Halloween party and dance. The Dramatics Club in Jericho presented a talent show, Thanksgiving program and the annual Christmas pageant. Club members also organized for the first time a play-of-the-month program. Library clubs in both buildings provided invaluable assistance in charging out and shelving books. With the addition of art to the junior high school program, our talented students gave enthusiastic response to the call for an art club in each building. In spring everyone happily participated in traditional activities of dances, picnics and play-days, and awaited enthusiastically a new school and new traditions.

General Science Class
(Rapp and Percival demonstrating experiment).

The first few days of school in September proved a surprise to ninth graders as well as to their fellow classmates. The first impression was that there seemed to be so many freshmen; the halls were filled with them. Then we realized that the freshman class is the largest in our history — more than one hundred seventy. Their cheerful faces beamed from every nook and cranny of the school in the afternoon session. For the freshmen, 1961 was the first time the entire class was united in one building. Formerly, they had been in separate buildings from the beginning of their school careers. However, they quickly showed their class loyalty in planning their activities. Their generosity in giving up their dance date to Honor Society, which needed to raise money for members' sweaters, proved their school spirit. Members of the class achieved high rank scholastically and made a fine showing in athletics.

"Where, oh, where are the gay young sophomores?" They were right here in the Ravena Building ready to start classes at 12:20 each day. Full of enthusiasm and energy, they attacked problems in math, worked hard on translations in Latin, French and Spanish, and tried to memorize dates and facts for world history. One of the highlights of their year was the weekend many of the sophs spent in New York enriching their background for foreign language classes. The academic year posed challenges for the sophomores, but their representation on the honor roll and merit list proved they were equal to the challenge. Seven members of the class of 1964 were elected probationary members of the National Honor Society.

Though the juniors have been on double sessions for two years, this year was their first experience coming to morning classes. It seemed difficult for some of them to believe that they had to be wide awake for that first period class at 7:45! However, they soon began looking forward eagerly to their senior year and a normal school schedule. Two important events for the juniors occurred at the end of the year — the prom and receiving their class rings at the annual Ring Dance. Scholastically the class was well-represented on both the merit list and honor roll. Nine members of the class were elected to the National Honor Society. Juniors were active participants in sports and all of our extra-curricular activities — FTA, FNA, *Memoirs*, *Staff and Shield*, Student Council, Varsity Club, and the newly organized Red Cross Club.

Many thoughts will linger in our minds as we, the Class of 62', walk through the halls of R.C.S. for the last time. We'll remember our freshman year and the new experience of double sessions. Deprived of our familiar activity and lunch periods, we made the best of beginning our school day at noon. We shall always remember the fun of the "Plymouth Rock," one of our outstanding dances. Our sophomore year we looked in greater depth at the goals we had to accomplish. "The Shamrock Swing" and "Swing Along with the Sophs" were not only successful dances but memorable events. Receiving our class rings at the annual Ring Dance, "A Night to Remember," and our prom, "Over the Rainbow," were the outstanding events of our junior year. Those long hours of hard work we put into the prom and the wonderful time we had enjoying the results of that work will likely never be forgotten. As seniors, the "Football Frolic" and "Sno-Ball" put the finishing touches to our final days at Ravena.

However, the most memorable of all events was our graduation in the new Ravena-Coeymans-Selkirk Junior-Senior High School. Although graduation meant the end of four delightful years and the beginning of a brand new life, we were both thrilled and privileged to be the first class to graduate from the new school.

The Varsity Club had one of its best years since it has been in existence. This organization is composed of boys who have earned a varsity letter. At the beginning of the year Mr. Carrk was the advisor. We were sorry to lose him when he went into the service, but we were fortunate to have Mr. Tucker replace him.

The first money-making event was a bake sale which netted over \$250.00. Candy was sold and a dance was held during the year. These endeavors made it possible to buy jackets for the members and a trophy case for the new junior-senior high school.

Smith, Treasurer; Engel, President; Westervelt, Secretary; Friday, Vice-President.

Clockwise: Root, President; Baldwin, Secretary; Pape, Parliamentarian; Joralemon, Treasurer; Westervelt, Vice-President.

The Student Council inaugurated the school year by sponsoring a welcome dance for students in September. During October, Council members worked diligently preparing for the Halloween football game with Tamarac Central School and the dance following the game. At the annual school Christmas party, talented members of the Council presented a play in keeping with the season. After singing Christmas carols, students left the party to begin vacation in true holiday spirit. In early February, Council members met the faculty in a hard-fought basketball game, the proceeds of which were given to the March of Dimes. The Student Council concluded the year's activities with the annual Ring Dance, at which juniors received their class rings, and Moving-up Day ceremonies.

STUDENT COUNCIL

Seated: Mr. Bruce, Advisor; Stumbaugh, Rarick, Alberts, Friday, Irwin, Mr. Donato, Advisor.
Row 2: Trenchard, Rowe, Millious, Lann, DeFlumer, Blaisdell, Halsted, Bleezarde, Osterhout, Deyoe, Williams.

The purpose of the National Honor Society is to promote qualities of scholarship, leadership, character and service. We are proud of the twenty-three juniors and seniors who, having proved they excel in these qualities, served as members of the Society and leaders of school activities during the year.

Activities of the Society included the induction ceremony for new members which took place in November. At that time seniors received their white sweaters with the National Honor Society emblem. For the first time a probationary group of seven sophomores was elected. These students, if they prove worthy of membership, will be elected to full membership in the Society next year. Another activity was the poll seeking student opinion on the question of having the traditional commencement program with valedictorian and salutatorian, or of having instead an honors group of seniors who have achieved academic excellence during their school years lead the commencement program. Students voted in favor of the honors group.

Mr. Doyle, Advisor; Hoffman, Vice-President; Elmore, Secretary; Beggs, President; Mr. Abram, Advisor; Brown, Treasurer.

FUTURE NURSES CLUB

Trips to Ellis and Kingston Hospitals highlighted the year for the Future Nurses Club. The members found these trips both enjoyable and educational. During the year several speakers addressed club members on nursing and allied fields. A former R-C-S student, Lorraine Fleming, spoke to the group on a career in medical technology.

FUTURE TEACHERS OF AMERICA

The Future Teachers of America organization is always very active in our school. Since the purpose of the organization is to familiarize students with the teaching profession, a program of speakers representing various aspects of the profession was scheduled for the monthly meetings of the club.

Activities of the members included a field trip to the State University of Education at Oneonta to observe classes and campus life. FTA also sponsored an exchange day with Linton High School, Schenectady. Members participated in the teachers' aid program to acquaint them with duties of teaching. Delegates from our club attended several meetings of the Capital District FTA.

Diligence and hard work on the part of both business and editorial staffs resulted in a successful school newspaper, *Staff and Shield*. Six issues were published this year. On November 3 and 4 students representing the school paper attended the Empire State Press Conference at Syracuse. Attending workshops and viewing other school papers gave our students an excellent opportunity to gather new ideas for publishing the best possible paper. The staff sponsored a bake sale and a dance to raise money to send junior members to the Columbia Scholastic Press Conference in New York in the spring.

Pebler, Wickham, Smith, Hart enjoying the music of the Junior Prom.

"The End of the Rainbow" was the theme of the Junior Prom held on Saturday, May 20, 1961. The theme was carried out through the decorations. The ceiling and walls were covered with blue paper, a revolving crystal ball was set up in the middle of the dance floor, and a rainbow surrounded by soft white clouds was set up on the stage. The highlight of the evening occurred at 11:00 p.m. when the coronation began. The former king and queen, Ronnie D'Ambrosi and Linda Schnur, followed the court onto the ballroom floor. They then returned to the stage and crowned Chuck Friday and Darleen Alberts, the new king and queen. Chuck and Darleen reigned happily for the remainder of the night.

After being presented their rings, the Juniors proudly walked through this large replica.

The third annual Ring Dance, "A Night to Remember," was sponsored by the Student Council on February 25, 1962. This event is the established ceremony for the presentation of class rings. At 10:00 p.m. Mr. Roney began the ceremony with an explanation of the symbols on the ring. The Juniors then walked two by two off the stage and through a large replica of the ring that was set on the gym floor. Those who watched the ceremony could see the rings that were displayed by the proud Juniors.

RING DANCE

As Juniors listen intently, Mr. Roney explains the significance of the rings they are about to receive.

What's the "Mighty Mite"?

It's the tiny transistor that powers your pocket radio. It was invented in 1948 by the Bell System — of which New York Tel. is a part.

But the transistor does more than just give you a radio to have fun with. It has been an aid to space exploration — helped guide defense missiles — improved communications of every sort, including telephone service.

We at New York Tel. are proud to be a part of a company that contributes to your daily activities and pleasures, as well as to the satellite communications age.
SO WOULD YOU!
